Please find below and/or attached an Office communication concerning this application or proceeding.

Art Unit: 2124

1. In view of withdrawal of attorney, the last notice of non-responsive is withdrawn because this application is being treated as Pro Se. Therefore, the applicant is not required to respond.

The next Office Action will be in response to the last amendment filed on 11/24/2003.

2. Applicant is advised to secure the services of a registered patent attorney or agent to prosecute the application, since the value of a patent is largely dependent upon skilled preparation and prosecution. The Office cannot aid in selecting an attorney or agent. While an inventor may prosecute the application, lack of skill in this field usually acts as a liability in affording the maximum protection for the invention disclosed.

Applicant is advised of the availability of the publication "Attorneys and Agents Registered to Practice Before the U.S. Patent and Trademark Office." This publication is for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.
